以下の英文は、ある企業で2名の同僚が上司と新しい商品に関して話し合っている様子である。(21)~(30)のそれぞれを埋めるのに最適な会話文を(a)~(d)の中から1つずつ選びなさい。

NEVIN: Thank you both for coming. ( 21 ) I know that I called for this meeting a bit last minute, but it shouldn't take long.

SURAJ: No, not at all, Mr. Thompson. The meeting with my team isn't for another hour, so I was free.

YUKI: Good morning. ( 22 ) Thankfully, she agreed to postpone it until one o'clock.

NEVIN: Very sorry about that. How is she adjusting to working here?

YUKI: She seems to be doing just fine. ( 23 )

SURAJ: It's good that she is already setting her sights on what she needs to achieve in the short term. Under your guidance, I'm sure she'll be a future star on your team, Yuki.

NEVIN: I agree. Now then, down to business. Our latest smartphone model launched just over a week ago. ( 24 )

SURAJ: The sales figures just came in yesterday and, I must say, are looking promising. Compared to the launch of last year's model, first-week sales are higher by 15 percent.

YUKI: Product reviews and scores from the top technology websites have all exceeded last year's, too. ( 25 )

NEVIN: That was our big area of focus after last year's camera issue, so it's a relief to hear that. However, I did see that customer service is receiving more emails than we would normally expect after a launch.

YUKI: ( 26 ) It seems to stem from the production line at just one of our factories in India. A note was added to the support section of our website to alert those who experience the issue, so it's already handled.

NEVIN: ( 27 ) A few photos or videos on social media is all it takes to change the minds of some who were previously eager to buy. People who haven't bought the phone yet won't be looking there.

SURAJ: Yes, I agree. Something more should be done. ( 28 ) They won't be focused on how few phones are actually affected.

YUKI: I see your point. I'll work with Lakisha, our social media manager, to get ahead of this. ( 29 )

SURAJ: Yes, honesty is key. We also need to stress that the few who do have problems will have their phones replaced for free. We'll pay for everything, including the cost of shipping, as we always do.

NEVIN: Sounds like we have a game plan. Let's execute it right away. The last thing we want to do is fumble the ball after such a strong start.

YUKI: ( 30 ) I really appreciate the input, Mr. Thompson. Yours too, Suraj.

SURAJ: No problem. I'm looking forward to seeing the end result. Thank you both. I'll continue to monitor the sales numbers and keep you up-to-date.

NEVIN: Thank you, Suraj and Yuki. Have a great rest of your morning.
